Boost for Uncle Sam

NO MATTER WHAT WERE YOUR SENTIMENTS BEFORE WE ENTERED THE WAR, NOW THAT WE ARE INTO IT, LET **EACH ONE OF US DO OUR BIT**, AND IF EVERY AMERICAN CITIZEN, WITHOUT SLACKING, WILL MANFULLY DO HIS FAIR SHARE, YOUR UNCLE SAM WILL MAKE A SHOWING IN THIS WORLD WAR THAT WILL MAKE YOU MIGHTY PROUD THAT YOU ARE AN AMERICAN, AND STILL MORE SO TO HAVE THAT SATISFIED FEELING THAT YOU DID YOUR FULL SHARE, BESIDES EVERLASTINGLY IMPRESSING IT UPON THE WHOLE WORLD THAT AMERICAN MEN, WOMEN AND CHILDREN MUST NOT BE RUTHLESSLY MURDERED UNDER ANY PRETENSE WHATEVER IN THIS OR ANY OTHER COUNTRY. X X X X

Just Now Uncle Sam Needs Money

He wants every dollar that is tucked away in a sock, hid on the pantry shelf, or laid away for future use. He wants YOU to buy a Liberty Bond. No matter how small the amount that you can spare, get it out and help YOUR country win this war. Our cause is just, our aims explicit, and no suspicion of selfishness can be laid at our door. Any man who is not FOR America fully and freely at this time is AGAINST AMERICA.

There is no Safer Investment in this World

Each Bond is backed and absolutely guaranteed by the strongest government that the world has ever known. You would like ten or fifteen one hundred dollar bills; wouldn't you like them better if they would draw Four per cent interest? These Bonds are not only backed by the same government and draw Four per cent interest, but they represent an actual mortgage on the entire resources of the nation. The only possible excuse for you, or any other American citizen with any available cash reserve, to hesitate on buying these Liberty Bonds is

THE QUESTION OF CONVERTIBILITY

Perhaps you have fifty, or one hundred, or two hundred dollars saved up against a rainy day, or an unexpected sickness. You reason, "Suppose I put this money into Liberty Bonds and later find that I need it to help me through the winter. How can I get my money?"

THE BOND IS BETTER THAN THE MONEY

You can not eat the money, neither will it keep you warm. The most that you can do with it is to take it to a reliable dealer and trade it for food, clothing or the equivalent at one hundred cents on the dollar.

THE BOND IS WORTH 105 AT FREE & MUTCHLER'S

Buy a Liberty Bond now, and any time in the next twelve months that you feel the need of using that money, you can have \$52.50 (plus the interest) in trade at Free & Mutchler's for each \$50.00 Liberty Bond. Save this advertisement as your guaranty or come in and get a written agreement. We have thousands of customers who spend hundreds of dollars with us each year. Think what it would mean if each one of them will lend Uncle Sam \$100 or more. Then if you find that you need the money within the next twelve months, you can have 105 per cent in trade at our place, for all you wish to bring.

NOBODY QUESTIONS THE VALUE OF THE BONDS

Personally we believe that Uncle Sam will put the deciding blows into this war within twelve months, and the Liberty Bonds will be worth MORE THAN PAR IN CASH. He surely WILL do it if we all do our part.

FOR THOSE WHO DO BUSINESS WITH FREE & MUTCHLER

This advertisement should settle the question of convertibility. To our customers, at least, a Liberty Bond is worth more than cash. Buy several Bonds, buy them in \$50.00 denominations and if you need to use them, trade \$52.50 plus the interest against each one of them.

We would like to see every customer of Free and Mutchler's buy some Liberty Bonds, and PARTICULARLY THE FARMERS. It will take very dollar that every business man, farmer and laborer in America can spare to make this loan an unqualified success, and it MUST NOT BE LESS. We owe it to our country, the greatest and most blessed country to be found on God's green earth.

NO TRUE AMERICAN IS WILLING TO SEND OUR MILLIONS OF BOYS INTO THIS WORLD WAR WITHOUT THE PROPER BACKING. SHALL VAN BUREN COUNTY'S BOYS WANT FOR FOOD, OR CLOTHING, OR AMMUNITION? WE ARE SLACKERS IF THEY DO. **BUY YOUR LIBERTY BOND TODAY FROM ANY PAW PAW BANK.** X X X X X X

Don't Let Your Radiator Freeze

Cold weather means radiator trouble unless you use some Anti-Freezing solution. Alcohol evaporates quickly and it is too expensive now. We have "Thermite"—the best anti-freezing compound; the price is \$1.50 per gallon and as this product does not evaporate it is the most economical to use.
